IN MEMORY OF PETER CLAYMORE

A graduate of the 2nd Session of the Wisdom Project 2013 Class, Peter remained an active member of our organization, most notably serving in the role of treasurer for several years and as president in 2021. Peter led us that year through Zoom meetings due to the Covid Shut Down and then as we returned to in-person sessions. In addition to Wisdom Project 2030, Peter was also active in Hall County. In 2023, Wisdom Project 2030's first Leadership Award was named in recognition of his support and dedication to our program and to the community. We are grateful for Peter's friendship and his many contributions to Wisdom Project 2030.

PRESIDENT'S MESSAGE

Duane Hinshaw

Thank you for taking the time to check out what Wisdom Project 2030 accomplished in 2024! Reviewing these fill us with pride and excitement as we begin a new year!

We hope everyone associated with Wisdom Project 2030 is also proud. Wisdom Project 2030 is a one-of-a-kind world class organization that dynamically impacts the Hall County community by motivating, educating, and engaging local citizens over age 55 to bring a meaningful impact to our region. These men and women are putting into action their unique skills and vast wisdom developed over their lifetimes.

Approximately 12 years ago, as a part of the Greater Hall Chamber Vision 2030 Initiative, this organization was just a dream of what might be possible. With the support of the Chamber in our beginning, Brenau University during our transition, and now the University of North Georgia, the Wisdom Project has established itself as an independent non-profit organization that is a true force and important part of the fabric of Hall County.

In this Annual Report, you will see just how extensive and dynamic this organization is. It is truly amazing that all our work is accomplished with dedicated volunteers and no paid employees. Over my career I have worked closely with hundreds of non-profits across the country and none have accomplished so much with so little revenue. What Wisdom Project 2030 *does have* is an army of very special people who share of themselves to benefit others.

Rather than my summarizing here all that happened in 2024, I encourage you to review the remainder of this Annual Report to get a glimpse of the amazing work of Wisdom Keepers. Our core component, the Wisdom Project Program, graduated a record of 24 exceptional people who I know will go on to have tremendous impact on our community ... in fact they already are! As you will see in the following pages, our Projects continue to grow and do great things for other organizations and people in need. Our Wisdom Keepers also volunteer throughout the community in so many ways that it is difficult to track it all.

As we continue to grow and have even greater impact, we must give a big thank you to those who support the Wisdom Project in so many ways. And most importantly, thank you to all our Wisdom Keepers that give of themselves. You define what it means to "live a life of purpose." As Margaret Mead said, "Never doubt that a small group of thoughtful, committed, citizens can change the world. Indeed, it is the only thing that ever has."

-Duane Hinshaw

Our Beginning

Wisdom Project 2030 is a non-profit, educational and senior leadership organization in Hall County. We began in 2012 under the *Vision 2030 Initiative* of the *Greater Hall County Chamber of Commerce* and formally incorporated as a 501(c)(3) non-profit organization in 2019.

Our Mission:

Wisdom Project 2030 leverages the skills, expertise and initiative of seniors 55+ for meaningful, personal involvement and impactful community improvement.

Our Vision:

Wisdom Project 2030 will be a national model for senior engagement, leadership, and community improvement.

Our Values:

Wisdom Project 2030 incorporates the following values in all dealings with members, partners, the public, and local governments:

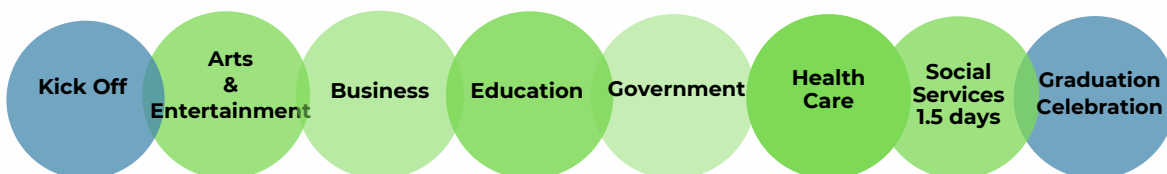

- Integrity
- Transparency
- Innovation
- Collaboration
- Inclusiveness

We Believe In:

- Service to Community
- Advocacy for Identified Community Issues & Needs
- Connectedness
- Fun/Friendships

Our Program:

The Wisdom Project 2030 Program was developed to connect our members to the needs of our community and to improve Hall County through action and advocacy. The program schedules seven full-day and three half-day sessions that lead to a Class Graduation and Celebration. Sessions are normally held between August and November and are designed to provide dynamic, informational interactions with individuals and leaders throughout the Hall County area. Sessions educate and inform participants about the concerns expressed by community leaders and encourage participants to think about ways to improve our community.

At a Glance: 2024 Highlights

In addition to providing various projects for our community, Wisdom Project 2030 also serves as a conduit to let our members know of specific needs of many local organizations and non-profits. Our members may become volunteers with these organizations or help with occasional events and programs in an informal “as-needed” capacity. In addition, Wisdom Keepers give presentations at local meetings and volunteer fairs to inform our community about Wisdom Project 2030 and invite Seniors Age 55+ to join us! Below are some of this year’s highlights.

2024 Projects

Projects are how Wisdom Keepers work to support Hall County and beyond. Our members initiate projects after learning about problems or opportunities from community leaders. Working together with community organizations ensures sustainable results.

Wisdom Project's TOTAL HOURS spent volunteering in active projects in 2024 was over 2,000 hours, our largest total hours recorded to date! Moreover, this total does **not** include an individual Wisdom Keeper's work outside of active projects, including volunteer activities, collaborations, chairperson's time, or new class time developing project ideas.

We are proud of the following projects that were **completed** in 2024 and the projects that are **still active** and will continue in 2025. We extend our thanks to all Wisdom Keepers who give their time and efforts to improve our community! More information about each project follows.

Objective: Improve Health

Completed Project #1: *Looping Everyone In*

Hearing Loops are special sound systems that use a magnetic signal to directly transmit sound to hearing aids. This allows the user to hear the sound to the specifications of how their hearing aids are programmed. **Joy Bolt** chaired a team of Wisdom Keepers including **Linda Harrell, Tommy Randolph, Wayne Wilson, Mike Hill, Janice Young, Susan Longley, and Gary Vogel**. They worked with Gainesville High School's Theater Department to successfully demonstrate the loop system at a performance preview of *The Little Mermaid*. The Theater Department Director expanded the school's participation to include a lesson on diverse audiences. Attendees at the demonstration included representatives from the Arts Council and Gainesville First United Methodist Church who are considering installation of a hearing loop.

Wisdom Keepers attended the preview and demonstration of the loop system at Gainesville High School's performance of *The Little Mermaid*.

Completed Project #2: *Informed Trauma Awareness*

Wisdom Keepers **Carol Reed, Janie Wolf-Smith,** and **Deborah Ames** worked in partnership with the Hall-Dawson County Court Appointed Special Advocates (CASA) and Brenau University to expand materials to increase awareness and support for the impacts of trauma, particularly among foster children. They engaged a Ph.D. intern to conduct panel discussions and organize a three-part Zoom meeting Book Club with CASA based on the book, *What Happened to You?* The team identified resource needs and developed a framework for toolkits to assist foster parents, teachers, volunteers, churches, and others that work with children who have experienced trauma.

They developed a Digital Resource Book Club on the topic of trauma with Brenau, the University of North Georgia, and Lanier Tech for students enrolled in medical related classes. The Occupational Therapy program at Brenau includes the material in their curriculum and CASA uses the materials in their training.

The Informed Trauma Awareness project supports foster children and others who have experienced trauma in their lives.

Objective: Strengthen Community

Completed Project #3: *Volunteer Services Database*

To support initiatives to increase awareness and support of on-line resources that give access to social service providers in Hall County, Wisdom Keeper **Gary Vogel** worked with “Unite Us,” a social care network established between Northeast Georgia Health System and the United Way. The “Unite Us” platform offers electronic referrals and communication between nonprofits and service organizations and helps to connect local individuals and families to the social services they need. It also enables the organizations to recruit volunteers and list any needs of donation items. Gary participated in the 2024 “Hall County's Week of Caring” and will continue volunteering to encourage social service organizations to enroll and enter their services and needs into the “Unite Us” System.

Gary Vogel

Objective: Lift the Lives of Elders

Completed Project #4: *Reading to Adults with Dementia*

Wisdom Keepers developed a pilot program with documentation on how to set up and execute a reading program for seniors with dementia at Phoenix Senior Living in Gainesville. The team was led by **Bruce Leyton** and included **Michael Lipsitt, Kathie Wilson, Belinda Dickey, Diane Rooks, Jeff Gorham, Sandee Gorham, and Pat Hammond**. The program promotes social engagement and reduces isolation for Phoenix Senior Living residents, provides a new channel and sense of purpose for program volunteers, and establishes measures and metrics to use in assessing program outcomes. Project ownership was transferred to the Beyond Dementia Coalition for further distribution.

Bruce Leyton led the team of Wisdom Keepers.

Completed Project #5: *Improving Long-Term Care Options*

Wisdom Keepers began investigating how to bring innovative skilled nursing to Hall County in 2017, based on a person-centered care model delivered in a small home environment where the Elder defines what is “home.” Despite early optimism about forming local partnerships to bring this model to Hall County, legislative barriers prevented success. In 2021, the team changed focus to educate lawmakers about those barriers and to advocate for legislative changes to improve long-term care across Georgia. They worked with the Georgia Council on Aging’s Co-Age for three years without success to introduce legislation to establish a study committee to examine barriers and identify opportunities to expand long-term care options in Georgia. Efforts to achieve change for Georgians continue through Co-Age. The team was led by **Carol Hanlon** and included over the years Wisdom Keepers **Nan Carvell, Bob Byrne, Diane Rooks, Brad Baucom, Phyllis Shalvey, Kay Reis, Nancy Moore, Louise Forrester, Angela Sparks, Mike Freeman, Ellen Ewing, Steve Naughton, Jen Smith, and Roy Smith**.

Carol Hanlon will continue to advocate for innovative care for seniors via Georgia legislature and lawmakers.

Objective: Empower Youth

Completed Project #6: *Ferst Reader Tutors*

Wisdom Keepers **Lois Dillard, Anne Horne, Rick Reed, Nedra Byers, Pat Hammond,** and **Ron Crews**, led by **Lisa Giblin**, researched the possibility to establish a Ferst Readers Program partnership between older students and younger children in Hall County. They had planned through a pilot program to connect older students interested in a future career in education with young children in Day Care and Pre-K programs and have them read together using the Ferst Readers books and resources. The attempted pilot highlighted the need to build support with school system management from the beginning of the project for future implementation by interested teachers and students

Committee Head **Lisa Giblin**

Projects Continuing into 2025

Objective: Strengthen Community

Active Project #1 *Good News at Noon Community Garden*

Wisdom Keepers **Jean Mason** and **Lisa Brown** are working in coordination with the Hall County Extension Coordinator, a Master Gardener, and the Good News at Noon Community Coordinator to develop a community garden at Good News at Noon. In addition to building lifestyle skills for residents, classes will encourage their involvement in the garden and provide Good News at Noon with a variety of fresh vegetables.

Wisdom Keepers visit raised garden beds as part of the plans to develop an expanded community vegetable garden.

Active Project #2 North Georgia Works Meal Program

Wisdom Keeper **Gary Vogel** is leading a group to kick-start a meal program for the men at North Georgia Works, an organization that houses from 30 to 40 men without homes who are working towards self-sufficiency to become contributing members of our community. The team will contact local restaurants and business leaders to solicit their assistance to provide one meal a month for the NGW residents.

Objective: Empower Youth

Active Project #3 Youth Development Hiring Fair

Under the leadership of **Caroline Colonna** and **Michael Lipsitt**, the Career Fair and Expo started as a Gainesville High School youth development project. The goal is to have students apply for jobs and get an interview scheduled at the event. More than 20 Hall County businesses participated with Wisdom Keepers on hand to assist over 200 students in completing applications, rehearse for interviews, and apply for jobs that matched each student's abilities or interests. Plans are in place to hold another fair in 2025.

Team Members and volunteers are planning the 2025 Career Expo Fair.

Save the Date in 2025

2024 Program

Program sessions began in August and culminated with the Class Graduation in early November. Thank you to Wisdom Keeper **Tracy Lees-Grant, Chair**, for spearheading a successful 2024 Program and to the **Program Committee** for their creativity, organization, and countless behind-the-scenes hours given to the eight full-day sessions.

Each **Session Leader** designed a day to give participants an opportunity to maximize learning about Hall County. The many responsibilities included: creating working session themes and agendas, finding and scheduling speakers, arranging venues, and coordinating a myriad of details. Thank you to:

Kick Off: **Tracy Lees-Grant**

Social Services Session: **Sandee & Jeff Gorham**

Government Session: **Phillippa Lewis Moss**

Healthcare Session: **Jolinda Martin**

Education Session: **Beverly Nordholtz**

Business, Industry, and Agriculture Session: **Cathy Sexton**

Arts and Entertainment Session: **Tracy Troutman**

Round Up Session: **Julie Ferguson & Project Oversight Committee**

Graduation: **Cindy Staszak**

Program Committee members also supported each class and kept each day running smoothly. **Marsha Lehr** helped set up, clean up, and place directional signs. **Candace Lovell** ensured all agendas and contact lists were printed and ready for participants. **Amy Youngblood** managed payment for the program's supplies and lunches.

Wisdom Project 2024 Program Graduates

Program Graduates become **"Wisdom Keepers."** Wisdom Keepers may engage in specific projects, advocate on specific issues, volunteer with, or offer leadership to community organizations. After graduation, bi-monthly meetings and lunches enable members to continue learning about opportunities and to use their life experiences for community needs. Participation encourages fellowship and networking among Wisdom Keepers and often leads to stronger project outcomes, social opportunities, and lasting friendships. We are excited to welcome the graduates of our 2024 Program!

Graduation Class of 2024

Karen Bennett	Jani Gesch	Lauren Price

Investing in Members: Lunch and Learn Meetings & Socials

Thank you to Wisdom Keeper **Cindy Staszak** for planning and coordinating each meeting. We are very appreciative of the generosity of time and knowledge from individuals and organizations who speak at our Member Meetings and Luncheons. These presentations help Wisdom Keepers learn more about the community, stay current on community needs, and find opportunities to contribute towards those needs.

January Lunch & Learn: Wisdom Keeper **Cindy Staszak** introduced our graduates from the WP Class of 23. Wisdom Keeper **Julie Ferguson** presented the new graduates' projects and facilitated break-out groups between seasoned Wisdom Keepers and the new committees.

March Lunch & Learn: Bariatric Surgeon **Eric Velaquez, MD, MBA, FACS, FASMBS**, discussed the intricacies of obesity as a disease and presented information from his latest book "Losing Weight Gaining Life." He also held a special book signing for Wisdom Keepers.

April Seminar: Wisdom Keepers participated in a 4-week **Personal Awareness & Safety Program** at University of North Georgia.

May Social: Wisdom Keepers had fun at the "Run for the Roses" **Kentucky Derby-themed Social**, complete with Derby Hats and lots of good food and drink.

May Lunch & Learn: Wisdom Keepers toured the **Northeast Georgia Health System Care Traffic Control Center** and met with physicians and staff to learn more about the efficient care delivery system, including patient flow strategies, length of stay, and discharge barriers.

July Lunch & Learn: After a quick update of plans and activities, Wisdom Keepers enjoyed a very helpful and interesting presentation from **Karin Hicks**, Master Gardener.

August: Following the first day of our 2024 Program, Wisdom Keepers held an "**After First Day Kick-Off**" for class participants to meet and speak with WP Board Members and Leaders.

November: Program Graduation: Wisdom Keepers celebrated the graduation of twenty-four participants from the 2024 Wisdom Project Program with a ceremony and cocktail event held on top of the Carroll Daniel Construction Building.

December: Annual Member Meeting and Luncheon

In addition to meeting to conduct the organization's business, Wisdom Keepers gathered to celebrate the Holiday Season.

Wisdom Project Socials

Thank You to Our Community Partners

Wisdom Project 2030 Organization extends our gratitude to these organizations who play a key role in supporting our growth and development:

STRONGER WORKFORCE. **EXCEPTIONAL** QUALITY OF LIFE.
THRIVING ECONOMY.

Wisdom Project 2030 Partners, Sponsors, and Contributors

We extend our thanks and appreciation to these organizations and individuals for making our new 2024 Wisdom Project Program Class and Graduation possible.

Financial Report

Notes:

Wisdom Project 2030, Inc: Wisdom Project 2030 captures the wisdom of Hall County residents, age 55 and older for the good of our community. Our members are graduates of the Wisdom Project Program and are known as Wisdom Keepers.

Descriptions:

General: The financial statements have been prepared under the cash basis accounting: revenues and expenses are recognized at the time cash is received or paid out. Wisdom Project 2030 is a 501(c)(3) non-profit organization.

Operations: Management of activities such as insurance, IT and marketing. Member dues are \$55 per year. (103 members in 2024 and 95 members in 2023.) Marketing is directed to the community and potential Wisdom Keepers. Restricted donations are made for a specific purpose by the donor.

Wisdom Project Program: The Wisdom Project Program builds a multi-faceted and dynamic view of Gainesville and Hall County. Six of the sessions are designed to identify ways participants may apply their skills and follow their interests while contributing to our community. In the **Fall 2024 Program**, Wisdom Project 2030 graduated 24 participants who presented several project ideas and who volunteered throughout the community.

Member Meetings: Monthly meetings offer education and fellowship among Wisdom Keepers. During the 2024 year, we held lunch meetings at various locations in Gainesville.

Symposium: Wisdom Project 2030, Inc. and the UNG Center for Healthy Aging will host a community symposium "Living Your Best Life After 55" on March 27, 2025. \$9,500 was received from sponsorships in 2024 along with payments for venue, speaker and books.

Platinum
Transparency
2024

Candid.

We're proud that our organization once again earned the *Platinum Seal of Transparency* offered by GuideStar, the world's leading source of nonprofit information. The Platinum Seal indicates that Wisdom Project 2030 shares clear and important information with the public on our non-profit profile about our goals, strategies, capabilities, and achievements.
